

PSC-DM-WS-100-BLE-xx Series | Bluetooth Dimmer Wall Switch

Basic Features

- Bluetooth Mesh
- Manual on/off (wireless)
- LED status indicator light
- Mounts in any standard wall box
- Color: white

Suitable for Indoor Use Only

Applications

PSC-DM-WS-100-BLE Bluetooth mesh dimmers provide automatic lighting control for a variety of indoor applications. They can replace any standard single-pole wall switch.

Typical applications include public restrooms, private offices, classrooms, conference rooms, storage spaces, and break rooms.

Sensor Operation

The Dimmer connects to a Bluetooth mesh network to control all of the lights in a specific zone.

End Users can program dim levels and set scheduling through Bluetooth Android or iOS apps.

The unit also functions as a manual dimmer.

How to Order

Model No.	Description	Input Voltage
PSC-DM-WS-100-BLE-XX	Bluetooth mesh wall switch	120-277 VAC, 60Hz
Please indicate Suffix for options on -XX:		
-SR / -FSR	For Bluetooth Mesh in TruBlu™ Enabled Version / For Bluetooth Mesh in Future-Silvair Enabled
